KRISSIE KALTEIS

VENETIAN PLASTER

I'd like to invite you into the colourful villa's of Pompeii and take you to a journey through the Roman Empire and much further 9,000 years back to Mesopotamia. In our time travel we explore how prestigious lime was used during the Renaissance at the Palazzo's of Venice

Artisan's worldwide developed diverse techniques to create with limestone & marble powder highly polished, matt or rough surfaces in infinite colourful nuances.

Welcome to the world of Marmorino
Veneziano, also known as Stucco & Fresco

WE TRANSFORM YOUR WALL INTO AN ARTWORK

We work with Giorgio Graesan & the Calce Company because only Italy's best materials are good enough to be used for your home.

You can choose from a wide range of finishes like a subtle matt, shimmer styles, metallic & rust applications or highly burnished mirror surfaces, from a wide variety of natural tones, via vibrant Mexican colours to elegant shades of grey and charcoal. We can imitate crocodile skin, split stone, marble and cracked surfaces and much more on your feature wall.

STUCCO

VENETIAN LIME PLASTER

We like to introduce you to the health benefits:

- lime plaster is a raw vapour permeable natural compound
- it helps to stabilise the internal humidity of a building by absorbing and releasing moisture.
- Is naturally mould and mildew resistant.
- Is an eco-friendly, breathable alternative to acrylic paint...

Venetian Plaster can be applied to almost any surface: indoors, outdoors, floors & ceilings, curved pillows, furniture, porcelain & glass, bench tops, tiles ... you ask and we apply it.

On those surfaces they need to be protected such as bench tops, we cover the surface with heat resistant resin.

ONLY ONES IMAGINATION SET'S THE BOUNDARIES
OF THE POSSIBILITIES OF

MARMORINO VENEZIANO

My personal ethics and values:

- Transforming a space into a place of beauty
- Creating uplifting energies through natural materials, personalised colours, precious metals, stencils, art...
- Offering respect, trustworthiness, kindness & empathy

Someone told me a story:

**“Lime is made off rocks,
minerals, human & animal
bones, plants... and we**

**Artisan's bringing all back to
life through our LOVE we put
into our creations“**
